

## WEBSITE SUPPORT & SEO PLANS

ONGOING SUPPORT. STRONGER VISIBILITY. MORE CONNECTIONS.

Two flexible plans designed to support your existing Wix website, improve your search visibility, and help more clients find you.

| PLAN FEATURES                                                                  | \$99 / month                                                        | \$149 / month                                                                            |
|--------------------------------------------------------------------------------|---------------------------------------------------------------------|------------------------------------------------------------------------------------------|
|                                                                                | WEBSITE + SEO SUPPORT                                               | GROWTH SEO PLAN                                                                          |
|                                                                                | Perfect for ongoing support and strengthening your online presence. | For therapists ready to grow visibility, attract more clients, and build authority.      |
| Website Updates & Maintenance                                                  | ✓                                                                   | ✓                                                                                        |
| Technical SEO Improvements                                                     | ✓                                                                   | ✓                                                                                        |
| On-Page SEO Optimization (titles, meta descriptions, headings, image alt text) | ✓                                                                   | ✓                                                                                        |
| Google Analytics & Search Console Setup                                        | ✓                                                                   | ✓                                                                                        |
| Schema Implementation (LocalBusiness & Therapist)                              | ✓                                                                   | ✓                                                                                        |
| Google Business Profile Support & Optimization                                 | ✓                                                                   | ✓                                                                                        |
| Local SEO Improvements (MA & RI)                                               | ✓                                                                   | ✓                                                                                        |
| Monthly Monitoring & Performance Checks                                        | ✓                                                                   | ✓                                                                                        |
