YOUR 24/7 AI RECEPTIONIST

Never miss another job.

Your phone, answered — even when your hands are full.

Missed call → answered → customer texted back → job on your phone

Built for HVAC · Plumbing · Electrical · Roofing

● THE PROBLEM

You can't answer the phone with your hands in a furnace.

1 in 4

calls to home-service pros
go unanswered

85%

of callers won't bother
leaving a voicemail

90 sec

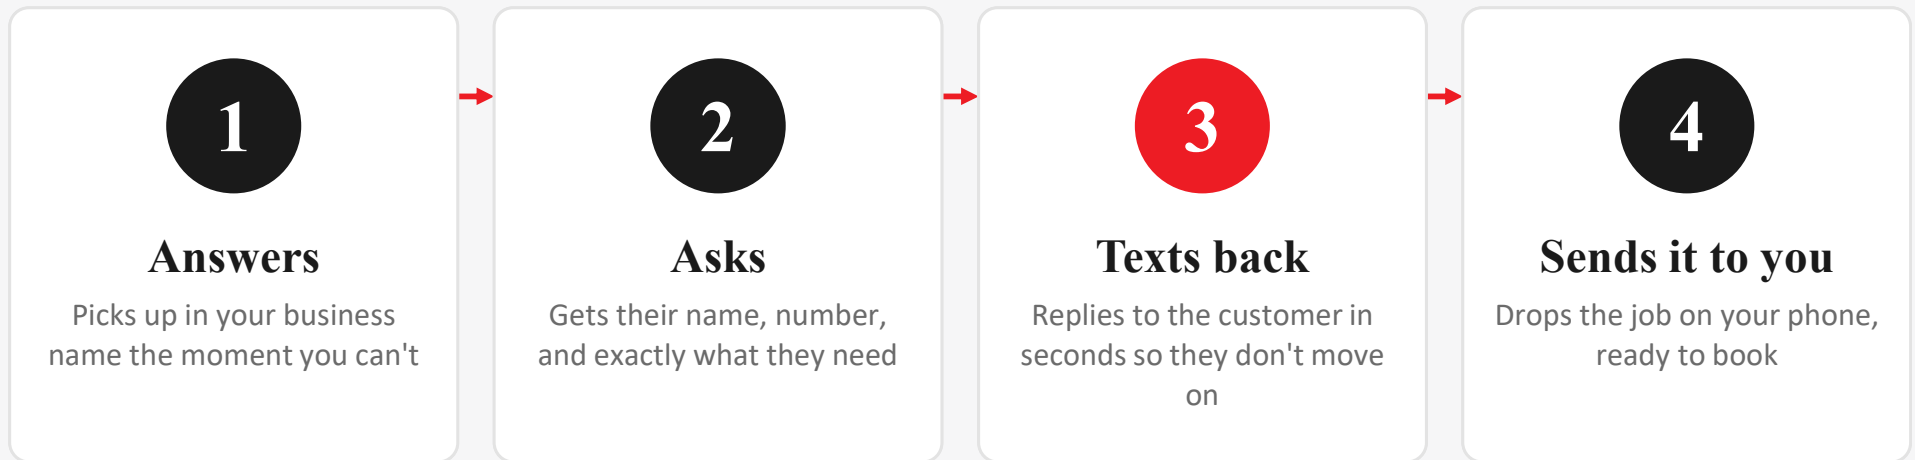

and they've already called
your competitor

The caller you miss doesn't wait — they hire whoever picks up first.

● WHAT IT DOES

A receptionist that never sleeps — for about a dollar a day.

Works with your current number. No new phone, no app for your customers, nothing to learn.

● SEE IT IN ACTION

A missed call, handled in under a minute.

THE CALL YOU MISSED

“Hey, my AC quit last night and it's 90 degrees in here. This is Dave, 555-0192, over on Elm Street. Can someone come today?”

WHAT LANDS ON YOUR PHONE

New job — Dave · AC not cooling · URGENT
555-0192 · Elm St · we texted him back ✓

WHAT YOUR CUSTOMER GETS

“Thanks Dave! We got your message about your AC and we'll call you within the hour.”

● A DAY IN THE LIFE

Same day. Two very different Fridays.

WITHOUT IT

- ✗ **7:20a** Hands in a furnace — phone rings out.
- ✗ **10:15a** Driving. Missed call, no voicemail left.
- ✗ **1:40p** On a roof as three more calls stack up.
- ✗ **6:00p** 5 missed calls. No names. Two already hired someone else.

WITH START PERFORMANCE

- ✓ **7:20a** AI answers, texts the customer back, logs the job.
- ✓ **10:15a** Caller gets a reply in seconds — they wait for you.
- ✓ **1:40p** Every call captured, details on your phone.
- ✓ **6:00p** 5 new jobs waiting — names, numbers, what they need.

Booked solid — and you call them back over dinner instead of losing them.

● THE MATH

One saved job pays for it — many times over.

YOUR COST

\$29 /mo

About a dollar a day —
still the lowest price
in the market.

Founder rate: \$9.99/mo (limited)

One service call

\$300

10× paid back

One repair

\$1,000

34× paid back

One system install
