Plan terms: All plans are a 12-month agreement with no setup fee, then renew at \$55/month (Spark SEO) unless either side gives 60 days' notice. Content allowances are maximums and don't roll over. A web page addition is one standard content page of up to ~800 words on an existing layout; a blog post draft is up to ~1,000 words. Custom designs, forms, and booking integrations are quoted separately.

WHY PARTS OF PRACTICE

Therapist-Focused Expertise

We specialize in mental health practices. We understand YMYL, E-E-A-T, and what Google requires from therapy websites.

Fixes That Actually Move Rankings

Your audit found [#] specific issues. Every month's work targets the gaps that are actively limiting your visibility.

Clear Communication & Reporting

Monthly reports in plain English. You'll always know what was done, what it means, and what comes next.

Results That Compound Over Time

Schema added in month one still works in month twelve. Every improvement is permanent and cumulative.

Ready to get started?

The Website + SEO Support plan (\$99/mo) is the recommended starting point — it covers everything your audit identified as critical, including schema markup, technical SEO, and Analytics setup.
