

PARTS OF PRACTICE

WEBSITE SUPPORT & SEO SERVICES AGREEMENT

12-Month Website + SEO Support Plan

This Website Support & SEO Services Agreement ("Agreement") is entered into as of **[EFFECTIVE DATE]** ("Effective Date") by and between the following parties:

PROVIDER Part of Practice, LLC a South Carolina limited liability company 1403 Woodland Drive Rock Hill, SC 29723 Notice email: PartsofPractice@gmail.com	CLIENT Joe Welch Photography [CONFIRM: legal business name/entity type, e.g. sole proprietorship or LLC] [CONFIRM: business mailing address] Phone: 954-695-8730 Notice email: [CONFIRM: Joe's email address]
---	---

Provider and Client may each be called a "Party" and together the "Parties."

1. Services

Provider will perform the services selected in Exhibit A (the "Services") using Client's existing website, hosting environment, content-management system, theme, plugins, and technical framework. Provider is not supplying or replacing website hosting under this Agreement.

Work outside Exhibit A requires a written change order describing the added scope, timing, and fees. Email approval by authorized representatives is sufficient for a change order.

2. Term; Renewal; Termination

2.1 Initial Term; Automatic Renewal. The Agreement begins on the Effective Date and continues for twelve (12) consecutive months (the "Initial Term"). At the end of the Initial Term, it automatically renews for successive one-year renewal terms at \$59.00 per month for the SEO-only renewal services described in Exhibit A, unless either Party gives written notice of non-renewal at least sixty (60) days before the end of the then-current term.

2.2 Twelve-Month Commitment; Referral Exception. Except as provided in this Section 2.2, neither Party may terminate for convenience during the Initial Term; if Client stops the Services or access without Provider's material breach, Client remains responsible for the unpaid monthly fees through the end of the Initial Term, and the Parties agree this payment commitment reflects reserved capacity and agreed pricing and is not a penalty, subject to any non-waivable law.

As an exception to Provider's standard twelve-month commitment, offered because Client was referred by an existing Provider client: Client may terminate this Agreement for any reason after the first ninety (90) days of the Initial Term, upon thirty (30) days' prior written notice, without further payment obligation beyond amounts due through the notice period. The Parties acknowledge that search rankings, traffic, and other SEO results are not guaranteed (Section 6) and often take longer than 90 days to materialize, and that this exception is granted independent of any such results.

2.3 Termination for Cause; Suspension. Either Party may terminate for material breach if the breaching Party does not cure the breach within thirty (30) days after written notice. Provider may suspend Services on five (5) days' written notice for overdue amounts or loss of required access, and suspension does not extend the Initial Term or any renewal term.

2.4 Effect. On expiration or termination, Client must pay all amounts then due. Each Party will return or securely destroy the other's confidential information on request, subject to routine backups and legal retention duties. Sections intended by their nature to survive will survive.

3. Fees and Payment

3.1 Fees. Client will pay \$99.00 per month, for a total contract value of up to \$1,188.00 over the twelve (12) month Initial Term, plus applicable taxes, subject to Section 2.2.

3.2 Schedule. The first monthly payment is due on the Effective Date. Each remaining monthly payment is due in advance on the first calendar day of the applicable service month. Client authorizes recurring payment by the payment method on file, if used. Provider may invoice electronically.

3.3 Late or Disputed Amounts. An unpaid amount may accrue a late charge of 1.5% per month or the maximum lawful rate, whichever is lower, plus reasonable collection costs. Client must dispute an invoice in writing within ten (10) days after receipt, identifying the specific disputed amount and basis; undisputed amounts remain due.

4. Client Responsibilities

Client will provide timely administrator-level access, business information, service-area details, brand assets, approvals, and properly licensed content reasonably needed for the Services. Client will designate one authorized decision-maker and respond to approval requests within five (5) business days. Delays by Client or third parties may shift delivery timing without reducing fees.

Client is responsible for the legality, advertising claims, professional or regulatory licensing statements (including any FAA drone/Part 107 requirements applicable to Client's aerial photography services), privacy notices, consent language, and intellectual-property rights in Client materials and in final content Client approves.

5. Existing Website, Hosting, and Third Parties

Client controls and remains responsible for its hosting account, domain registration, email, backups, platform subscription, theme and plugin licenses, security configuration, uptime, and third-party fees unless Exhibit A expressly says otherwise. Provider may make reasonable changes within the existing framework but is not required to rebuild, migrate, or remediate pre-existing defects.

Provider is not responsible for outages, data loss, security incidents, incompatibilities, policy changes, or discontinued features caused by Client's host, platform, plugins, analytics tools, search engines, or other third parties. Provider will notify Client of material issues it discovers and may recommend separately priced work.

6. SEO Standards; No Guarantee

Provider will use commercially reasonable, industry-standard practices. Search rankings, traffic, leads, conversions, indexing, and Google Business Profile actions depend on third parties and are not guaranteed. Algorithms and platform policies change without notice. Reports and recommendations are informational, and Client retains responsibility for business decisions.

7. Review; Corrections

Client will review deliverables promptly. If Client reports a material failure to conform to Exhibit A within thirty (30) days after delivery, Provider's exclusive obligation is to use commercially reasonable efforts to correct or re-perform the affected Service. This remedy does not apply to Client changes, third-party changes, pre-existing conditions, or use contrary to Provider's instructions.

8. Intellectual Property

Client retains ownership of materials it supplies. Client grants Provider a non-exclusive license to use those materials only to perform the Services. After Client pays all amounts due, Client owns the final, client-specific copy and page content created under this Agreement.

Provider retains all rights in its pre-existing and generally applicable templates, know-how, processes, code snippets, systems, and tools ("Provider Materials"). To the extent Provider Materials are embedded in a deliverable, Provider grants Client a perpetual, non-exclusive license to use them solely as part of that deliverable. Third-party materials remain subject to their own licenses.

9. Confidentiality

Each Party will protect the other's non-public business, technical, and personal information using reasonable care and use it only to perform or receive the Services. This duty does not cover information that is public through no breach, already known without restriction, independently developed, or lawfully received from another source.

10. Legal Compliance

Provider will apply reasonable web and SEO practices within the agreed scope, but does not provide legal advice or guarantee compliance with the ADA, state privacy laws, FAA or other regulatory rules, or any other law or standard. Client should obtain legal review of its website, forms, policies, and accessibility obligations. Accessibility audits or remediation are outside scope unless added in writing.

11. Warranties; Disclaimer

Each Party represents that it has authority to enter into this Agreement. Except for that express warranty and the correction remedy in Section 7, the Services and deliverables are provided "as is." To the maximum extent permitted by law, Provider disclaims implied warranties, including merchantability, fitness for a particular purpose, non-infringement, and any warranty arising from course of dealing.

12. Indemnification

Client will defend, indemnify, and hold harmless Provider and its personnel from third-party claims arising from Client materials, Client's services or business practices, Client's legal or regulatory noncompliance, or Client's material breach. Provider will defend, indemnify, and hold harmless Client from third-party claims arising from Provider's gross negligence, willful misconduct, or knowing infringement in Provider-created, original deliverables. The indemnified Party must give prompt notice and reasonable cooperation, and the indemnifying Party may control the defense, but may not admit fault or impose non-monetary obligations without consent.

13. Limitation of Liability

To the maximum extent permitted by law, neither Party will be liable for indirect, incidental, special, exemplary, punitive, or consequential damages, or lost profits, revenue, goodwill, data, or business opportunities. Provider's aggregate liability arising from this Agreement will not exceed the total fees paid or payable under this Agreement (\$1,188.00). These limits do not apply where prohibited by law or to a Party's fraud, willful misconduct, confidentiality breach, or indemnification obligations.

14. Force Majeure

Neither Party is liable for delay or failure caused by events beyond its reasonable control, including natural disasters, labor disputes, internet or utility failures, cyberattacks, government action, epidemics, or third-party platform outages. The affected Party will give prompt notice and resume performance when reasonably possible. Payment obligations for Services already performed are not excused.

15. Governing Law; Venue

South Carolina law governs this Agreement, without regard to conflict-of-law rules. Subject to any non-waivable right or law, the state and federal courts located in York County, South Carolina will have exclusive jurisdiction, and each Party consents to that venue.

16. Notices

Formal notices must be in writing and sent to the postal and notice-email addresses above (as updated by written notice). Email notice is effective when sent if no delivery-failure message is received; mailed notice is effective upon confirmed delivery.

17. General

This Agreement and Exhibit A are the entire agreement concerning the Services and supersede prior proposals and discussions. If they conflict, this Agreement controls unless Exhibit A expressly identifies the provision it overrides. Amendments and waivers must be in a writing signed by both

Parties. Client may not assign this Agreement without Provider's written consent; Provider may assign it in connection with a merger, reorganization, or sale of substantially all related assets. The Parties are independent contractors, with no partnership, agency, employment, or fiduciary relationship. If a provision is unenforceable, it will be modified to the minimum extent necessary and the remainder will continue. A waiver once is not a continuing waiver. Headings are for convenience only.

This Agreement may be signed in counterparts and by electronic signature, each treated as an original and together constituting one instrument.

EXHIBIT A

STATEMENT OF WORK

Website + SEO Support | \$99 per month

A. Service Objective

Strengthen Client's online presence through ongoing website support and search-engine optimization within Client's existing website, hosting, and technical framework — with particular emphasis on resolving brand confusion with an unrelated, similarly named business and improving visibility for aerial/drone, commercial, and hotel/resort photography searches in Client's Fort Lauderdale/Broward County priority market.

B. Included Services

- On-page SEO optimization, including titles, meta descriptions, and headings.
- Brand disambiguation schema (LocalBusiness and Person), addressing the naming similarity with an unrelated third-party photography business.
- Local keyword research and targeting relevant to Client's specialties (aerial/drone, commercial, hotel/resort, and residential real estate photography) and identified Florida service area, prioritizing Fort Lauderdale/Broward County.
- Image optimization (alt text) for SEO and accessibility, limited to images touched during included work.
- Google Business Profile optimization and Yelp/NAP consistency cleanup, subject to platform access, verification, and policy.
- Technical SEO improvements that are reasonably achievable within the existing website and hosting framework.
- Google Analytics and Google Search Console setup or configuration, using Client-owned accounts where available.
- New web page additions — up to three (3) pages in the first two (2) months, then up to one to two (1–2) pages per month thereafter as justified by SEO opportunity — built by Provider using Client-provided website access and published only after Client approval per Section D. Pages are added only where genuinely differentiated content and search demand support a separate page; pages are not created merely to reach a monthly count, and geographic-area pages in particular will not be near-duplicates of one another or of Client's existing service pages. Page topics are selected collaboratively, such as additional service-area landing pages for Client's priority Fort Lauderdale/Broward market, specialty pages for underserved search intent, or an FAQ page. Pages included under this line item do not require a separate change order under Section 1. Does not include blog-style case studies or long-form articles (see Section C).
- Priority email support during Provider's normal business hours. Priority means Provider will place Client's support request ahead of non-priority requests when reasonably practicable, but it is not a guaranteed response or resolution time and does not include 24/7 or emergency support.
- Website maintenance coordination, if applicable, consisting of reasonable coordination, recommendations, and routine updates within Client's existing website and hosting framework. It does not include a rebuild, migration, custom development, third-party vendor fees, or emergency remediation.
- Monthly monitoring and performance checks.
- Monthly reporting.
- No setup fee.

C. Not Included

- Website hosting, domain registration, email hosting, platform subscriptions, paid themes, premium plugins, stock media, or other third-party fees.

- A website rebuild, migration, replatforming, custom application development, custom plugin development, or material redesign of the existing framework.
- Blog post drafting, case studies, long-form articles, competitor research, advanced internal-linking strategy, paid advertising, social-media services, or advanced AI-search/long-term growth strategy.
- Legal, regulatory (including FAA drone/Part 107 certification), privacy, cybersecurity, or accessibility audits, certifications, or remediation.
- Emergency support, restoration from backup, malware removal, incident response, or repair of pre-existing defects unless added by change order.

D. Workflow and Assumptions

- Provider will prioritize work based on SEO impact, technical feasibility, and timely Client approvals.
- Client will keep its website, hosting, domain, theme, plugins, and required third-party accounts active and in good standing.
- Client will provide credentials through a reasonably secure method and will maintain backups appropriate to its risk.
- The web page additions described in Section B (up to 3 in the first two months, then up to 1–2/month as justified) do not require a separate change order. Pages beyond that pace, substantial copywriting outside Exhibit A, material redesigns, and changes in direction require a written change order.
- Before publishing a new page under Section B, Provider will share the page and its content with Client for review. Client will approve or provide feedback within five (5) business days of receipt (consistent with Section 4); if Client does not respond within that window, the page is deemed approved. This approval step applies only to new page additions — routine on-page SEO, technical, schema, and other fixes to Client's existing pages under Section B remain implemented directly without a separate approval step.
- Reports may be delivered electronically. Meetings are not included unless separately scheduled or stated in writing.

E. Fees and Schedule

Plan	Website + SEO Support
Monthly Fee	\$99.00
Initial Term	12 consecutive months
Total Contract Value	\$1,188.00, plus applicable taxes
Year Two Renewal Rate	\$59.00 / month (see Section F)

Payment is due in advance as stated in Section 3 of the Agreement.

F. SEO-Only Renewal Services

Beginning after the Initial Term, each renewal term is billed at \$59.00 per month. Renewal services are limited to on-page SEO optimization, local keyword research and targeting, image optimization for SEO and accessibility, Google Business Profile optimization, monthly monitoring and performance checks, and monthly reporting. Website maintenance coordination, technical SEO improvements, analytics or Search Console setup, schema implementation, content recommendations, page additions, blog drafting, competitor research, and advanced SEO strategy are not included during a renewal term unless added by written change order.
