

WELCOME TO PARTS OF PRACTICE

Getting Started Checklist | [CLIENT LEGAL NAME]

Hi [First Name],

Thank you for choosing Parts of Practice. To start work in your first week, we need a few things from you. Most of this takes about 15 minutes. Please complete it within **5 business days** of signing, and reply to this email when you are done or if anything gets stuck.

Please never send client or patient information to us. We do not need it, and our agreement does not allow it. Also, please do not email passwords: the invitations below let you give us access without sharing a password, and you can remove it at any time.

Step 4 — About Your Practice

Reply with whatever you have; bullet points are fine. This is what helps Google (and future clients) trust your site.

- ☐ The services and specialties you offer, and the **top 2–3 you most want to grow**
- ☐ The cities or areas you serve, and the states where you offer telehealth
- ☐ Your bio, credentials, license type and state(s), and trainings or certifications
- ☐ A professional headshot and any office photos you own the rights to
- ☐ Current fees and insurance accepted (so the website stays accurate)
- ☐ Links to your directory listings (Psychology Today, TherapyDen, insurance directories, etc.)
- ☐ Anything to avoid: topics, wording, or claims you do not want on your site

Step 5 — How We Work Together

- ☐ Your main contact for approvals (name, email, and best way to reach you)
- ☐ Payment method set up for monthly billing

We send drafts of new pages and posts for your review before anything goes live. You check them for clinical accuracy, and we ask for approval (or one round of combined edits) within 5 business days.
